October 26, 2020

MILPITAS, Calif., Oct. 26, 2020 (GLOBE NEWSWIRE) -- Silicon Motion Technology Corporation (NasdaqGS: SIMO) ("Silicon Motion" or the "Company"), a global leader in designing and marketing NAND flash controllers for solid state storage devices, announces today the extension of the Company's current share repurchase program for an additional 12 months.

The Company's current \$200 million 2-year share repurchase program was announced on November 21, 2018. As of the third quarter of 2020, \$84.8 million has been used to repurchase 2.4 million ADSs, equivalent to approximately 7% of total shares outstanding, and \$115.2 million remains unused under the program. The Board of Directors of the Company has authorized the extension of the expiration of this program to November 21, 2021.

"In addition to our annual dividend, our share repurchase program is another important component of returning capital to our shareholders," said Wallace Kou, President and CEO of Silicon Motion. "We are committed to opportunistically repurchasing our shares when we believe our equity value may not accurately reflect the company's future prospects."
